Visitors to IIT Delhi were captivated with insights into the realm of molecular chemistry. A delegation led by President of Chemistry, titled "Molecular Click Adventures: A Leap from the Shoulder of Giants," visited IIT Delhi recently. The delegation was moderated by IIT Delhi alumna and entrepreneur, Gazal Kalra.

During his two-day visit to the UAE, Prime Minister Modi emphasized that the Indian Government has given 2.3 acres of land in RK Puram which is available for new construction and the institute is launching a fundraising campaign to complete the construction activities in the next 20 months. A part of this land is ready for new construction and the institute is currently unable to provide hostel facilities to many of the students, transit accommodation is being provided.

The Rockefeller Foundation recently announced a grant to the Indian Institute of Sciences and Technology Chair at IIT Delhi. The grant is aimed at fostering innovation and entrepreneurship in the field of climate and sustainability.

The institute is currently going through some serious challenges and one among them is the lack of sufficient accommodation. The institute is currently unable to provide hostel facilities to many of the students, and the transit accommodation is being provided.

A special interaction on the topic "Innovation for Public Good" was held with Mr. Bill Gates, the co-founder of Microsoft. The interaction was moderated by Mr. V. S. Ramachandran, special assistant to the IIT Delhi director. Bill Gates highlighted the importance of innovation for public good, especially in the context of climate change and sustainability.

In another event, the Prime Minister inaugurated the newly constructed Academic Complexes at IIT Delhi. During his interaction with the students on the first day, the Prime Minister said, "IIT Delhi has been a pioneer in technology and innovation, and it is important to continue this tradition. I am confident that the new academic complexes will provide the students with the necessary resources to excel in their studies and careers." He also highlighted the importance of innovation and research in addressing the challenges of climate change and sustainability.

Each year IIT Delhi confers awards on its alumni to recognize outstanding achievements in various fields. These awards are conferred in three categories, the Distinguished Alumni Award, the Excellence in Professional and Public Service Award (DASA), and the Graduate of Last Decade (GOLD) Award. The nomination process for these awards has been extended to 15th March, 2024. For more details about the awards and the nomination process, please visit: awards-daa2024
