IIT Delhi Ranks among Top 100 Globally in 8 Subjects in QS World University Rankings, Top 50 in Engineering and Technology

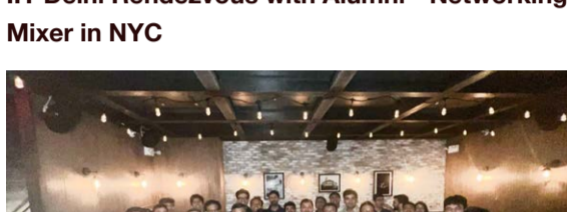

The QS World University Rankings by Subject 2024 placed IIT Delhi among the top 50 institutions worldwide in Engineering and Technology, ranking 45. The institute also ranks in the top 100 globally in eight specific subject areas, including five under Engineering and Technology: Civil and Structural Engineering (39), Mechanical Engineering (50), Electrical and Electronic Engineering (55), Computer Science and Information Systems (63), and Chemical Engineering (86).

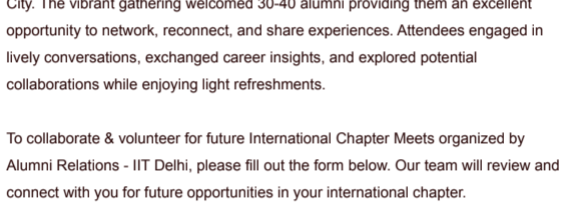

In the Natural Sciences category, IIT Delhi ranks 89th in Material Sciences and 100th in Environmental Sciences. The institute is also ranked 91st globally in Business and Management Studies. Nationally, IIT Delhi leads in civil engineering, electrical engineering, and computer science engineering.

IIT Delhi hosted international students under Franco-Indian Campus for Health initiative

12 students from Sorbonne Université visited IIT Delhi for a "Spring School" as part of the Franco-Indian Campus for Health initiative. The students got an opportunity to experience subjects such as Biology, Humanities & Neurosciences alongside IIT Delhi students.

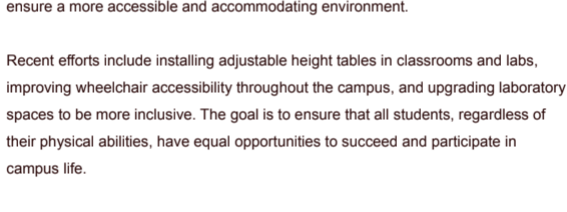

IIT Delhi Rendezvous with Alumni - Networking Mixer in NYC

The IIT Delhi Alumni Relations hosted a successful networking event in New York City. The vibrant gathering welcomed 30-40 alumni providing them an excellent opportunity to network, reconnect, and share experiences. Attendees engaged in lively conversations, exchanged career insights, and explored potential collaborations while enjoying light refreshments.

To collaborate & volunteer for future International Chapter Meets organized by Alumni Relations - IIT Delhi, please fill out the form below. Our team will review and connect with you for future opportunities in your international chapter.

IIT Delhi pioneers inclusive campus initiatives

In order to promote inclusion, IIT Delhi is implementing several initiatives to support students with disabilities. The campus is enhancing its infrastructure and services to ensure a more accessible and accommodating environment.

Recent efforts include installing adjustable height tables in classrooms and labs, improving wheelchair accessibility throughout the campus, and upgrading laboratory spaces to be more inclusive. The goal is to ensure that all students, regardless of their physical abilities, have equal opportunities to succeed and participate in campus life.

Leading these efforts is the Office of Accessible Education, a key part of IIT Delhi's Diversity and Inclusion Office. This office plays a pivotal role in advocating for and implementing a wide range of accessibility enhancements. Their work involves academic accommodations, improved transportation services, upgraded campus infrastructure and encouraging active participation of students with disabilities in various extracurricular activities.

Upcoming Events

Hyderabad City Meet on May 4th, 2024

The event is for all IIT Delhi Alumni from Hyderabad, As part of our ongoing efforts to foster stronger connections and keep our alumni community informed and networked, We are delighted to extend a warm invitation to you for an alumni get-together as per the details below.
